

Monday 12 th October: Virtual Global LNG Summit day 1	
08.00	<i>Registration & Coffee</i>
08.50	Chair: David Ledesma, Energy & Strategy Consultant, South-Court
	Big picture update: Covid-19, LNG geopolitics & global supply/demand dynamics
09.00	LIVE with Q&A: 2019 LNG overview in light of COVID -19 & the decarbonisation agenda
–	Update on LNG supply, FIDs, low prices and demand scenarios – what type of cycle are we going through?
9.15	With a lot of supply coming into the market, how does the market balance itself? Jarand Rystad, CEO, Rystad Energy
9.15	LIVE Q&A and networking
-	
9.25	
9.30	LIVE OR PRE-RECORD: Where are we now? Next generation business portfolios in light of the changing structure of the LNG market
–	
10.05	What commercial & project structures need to be in place going forward? How do you manage risk in your portfolio in light of market price signals? Will carbon be priced in future LNG? Structure of (long-term) contracts Moderator: David Ledesma, Energy & Strategy Consultant, South-Court Mark Gyetvay, Deputy Chairman of the Management Board, OAO Novatek Patrick Dugas, Vice President/Head of LNG Trading, Total Jose Simon, Managing Director, EU/Global Head, Pavilion Energy Nicolas Saverys, CEO and Managing Director, Exmar
10.05	LIVE Q&A and networking
–	
10.20	
10.25	PRE-RECORD: Debate of the day: Demand growth
–	Given Covid-19/lock-down impact on demand and uncertainty around new projects in a capital constrained environment, where will demand growth be? Where will the next wave of LNG post 2025 come from? How are buyers managing demand in the current situation?
10.50	Moderator: Debbie Turner, Senior Broker, Howe Robinson Partners Gurpreet Chugh, Managing Director, ICF Andrew Seck, Vice President LNG Marketing & Shipping, Total Mozambique LNG Giuseppe Spotti, Chief Commercial Officer, Elengy Hongtao Zheng, President, Energy Trading & Marketing, ENN Group
10.50	LIVE Q&A and networking
–	
11.00	
11.00	Morning Coffee Break & Networking
–	
11.30	PRE-RECORD OR LIVE: US LNG: has the US LNG surge diminished?
–	Examining the outlook for US LNG in the current environment. Exploring indicators of growing liquidity.
11.45	Andrew Walker, VP Strategy and Communication, Cheniere Marketing
11.45	LIVE Q&A and networking
–	
11.55	

12.00 – 12.15	PRE-RECORD OR LIVE Novatek’s strategy for large & small scale LNG Developments from Yamal and Arctic 2 to the Balkans and bunkering: logistical models, efficiency and sustainability Mark Gyetvay , Deputy Chairman of the Management Board, DAO Novatek
12.15 – 12.25	LIVE Q&A and networking
12.30 – 13.00	LIVE with Q&A: Where are we now? LNG trading & contracts What changes have we seen in the last 12 months especially in light of Covid-19? How is value being optimized from trading operations in the current environment? Moderator: David Ledesma , Energy & Strategy Consultant, South-Court Arturo Gallego Diaz , Head of LNG Trading & Operations, LNG Business Development, Centrica Jean-Christian Heintz , Head of LNG, Alpiq Peter Abdo , Chief Commercial Officer, LNG & Global Origination, Uniper Global Commodities
13.00 – 13.10	LIVE Q&A and networking
13.10 – 13.45	Lunch and Networking
13.45 – 13.50	Chair: David Ledesma , Energy & Strategy Consultant, South-Court
13.50 – 14.20	LIVE with Q&A: The next wave of LNG Which projects will make FID given the crash in oil prices? Can they compete at a level that will enable suitable financing and revenues? Moderator: TBC Arno Bux , Chief Commercial Office, Fluxys Emily Shults , Chief Marketing Officer, Sempra LNG Dan Werner , SVP, LNG Marketing – Europe & Americas, NextDecade Laurent Vivier , President, Gas, Total
14.20 – 14.30	LIVE Q&A and networking
14.35 – 14.55	Pre-record: What is the range of sound, sustainable LNG growth in China? Policy, affordability and competition of energy sources: exploring the coal-gas / coal-LNG dynamics Michal Meidan , Director, China Energy Programme, Oxford Institute for Energy Studies
15.00 – 15.25	LIVE with Q&A: Project developments in expanding markets and developing next generation infrastructure Unlocking gas to power projects, LNG to power & flexible contracts Moderator: Andy Flower , <i>Independent Consultant</i> Leyre de Adrian , Global LNG Origination and Operations Director, Naturgy Gunaseharan Ganapathy , Director, LNG Division, MOL (Europe Africa)

	Marcel Tijhuis , Business Development Manager, Gasunie Symeon Kassianides , Chairman, DEFA
15.25 – 15.35	LIVE Q&A and networking
15.35 – 16.00	Afternoon Tea & Networking
	Afternoon Chair: Vincent Demoury , GIIGNL
16.00 – 16.20	LIVE with Q&A: The path towards LNG commoditisation <ul style="list-style-type: none"> • 2020: more LNG but Asian liquidity falls • US LNG sales and European imports • The TTF's push toward a global price reference Ed Cox , Editor, Global LNG, ICIS
16.25 – 16.55	LIVE with Q&A: Spot & short-term LNG developments Exploring commoditization, flexible production capacity, pricing & trading: how long will the oversupply of LNG stay? How important is the shipping element to traders and why? Cyriel de Jong , Founder and Director, KYOS
17.00 – 17.35	LIVE with Q&A: Traders talking: Major trends effecting LNG trading and prices over the next 1-3 yrs Trading patterns, physical flows & shifts in portfolio optimisation & advances in trading technology Moderator: Agnieszka Ason , London School of Economics & OIES Nathan Arentz , Glencore Taimuraz Badtiev , EnBW Benjamin Gibson , Affinity
	End of virtual LNG summit – Day 1

LNG day 1 – PRE RECORDED, ON DEMAND CONTENT	
	<p>Gas & LNG pricing: US-Europe-Asia The interconnected pricing triangle: How is LNG pricing in Europe, with the product out of the US and the pull/push from Asia? Future of commoditisation of LNG Moderator: Mike Fulwood Gurpreet Chugh, Managing Director, ICF Chikako Ishiguro, Senior Researcher and Analyst, Osaka Gas Company Sergey Komlev, Head of Contract Structuring & Price Formation Directorate, Gazprom Export</p>
	<p>The shipping market Overview of market developments, spot charter rates, changes in technology and CO2 regulations Moderator: Vincent Demoury, GIIGNL Bruce Moore, Howe Robinson Partners Gonzalo De Arteaga, Fearnleys</p>
	<p>LNG industry report Commenting on trends the 2020 LNG markets – GIIGNL annual report Vincent Demoury, GIIGNL</p>
	<p>New LNG terminals in Europe Exploring the dynamics behind growth projections, project updates, diversification and financing How will terminals be used in a low price environment? How are LNG facilities reducing their emissions? Moderator: Tatiana Fayzullina, Elevate LNG Stefaan Adriaens, Gate Terminal Winfried Krüger-Sprengel, Rostock LNG Terminal Danielle Stoves, Hanseatic Energy Hub</p>
	<p>Exploring the emerging importance of independent floating terminal operators Increasing complexity of operations manifest in multi-service offerings and implementation of multi-user and open access regimes. What are the global regulatory trends and why do project sponsors seek experienced independent operators? Mantas Sabanas, Head of Analytics, AB Klaipėdos Nafta</p>
	<p>LNG bunkering: does it make economic sense? How big is the market? Exploring costs, utilisation & decarbonisation Moderator: Tatiana Fayzullina, Elevate LNG Ronald Backers, Port of Rotterdam Xavier Pfeuty, Total Marine Fuel Global Solutions Alexander Prokopakis, LNG Probunkers Holdings</p>
	<p>Deep dive – LNG as a marine fuel How many ships are running on LNG? What kind of ships? What is the rationale for ship owners to use LNG? With decarbonisation, will LNG still be the fuel of choice in the future? Moderator: Oliver Schuller, Sphera Tessa Rodewaldt, German Maritime LNG Platform Jan Schubert, Nauticor</p>

	Danielle Stoves, Hanseatic Energy Hub

Tuesday 13th October: Virtual Global LNG Summit day 2	
8.50	Chair's welcome and address: Paul Sullivan , Senior Vice President - Global LNG and FLNG, Worley
9.00	LIVE with Q&A: Keynote Regulatory Update: Role of LNG in the energy mix – EU energy strategy
–	Overview of the Commission's thinking about future policy developments in gas
9.20	Security of supply and the move to cleaner fuels looking back at main developments Will LNG give a major boost to the decarbonization of global energy models?
9.20	Live Q&A and Networking
–	
9.30	
9.35	LIVE with Q&A: Decarbonisation LNG (or gas) value chain: is it a new reality?
–	Moderated by Tatiana Fayzullina, Elevate LNG
10.00	
Supply And demand outlook in a buyers' market	
10.05	LIVE with Q&A: Dealing with Force Majeure and other legal and commercial risks in present times
–	Johannes P. Willheim, Partner, Jones Day
10.25	
10.25	Live Q&A and Networking
–	
10.30	
10.35	LIVE with Q&A: Relation between offshore gas and renewables using the same infrastructure
–	Jo Giessen, Governance leader, Neptune Energy
10.50	
10.50	Live Q&A and Networking
–	
11.00	
11.05	Coffee and networking
–	
11.20	
Outlook on Floating LNG markets	
11.20	Pre-recorded
–	FLNG & FSRU short-medium term analysis
11.35	What climate, regulatory and financial challenges will be growing the market face? Do they present an opportunity and what does it mean for the next round of FIDs? Giles Farrar , Director, LNG and Global Gas Research, Wood Mackenzie
11.35	LIVE with Q&A: Geo-politics, permitting, contracts and financing
–	Does the industry have the ability to create and evolve a market that is flexible enough to manage risk & liquidity? How to navigate environmentally sensitive regions; what might be the impact of low cost LNG, shorter contracts and a more liquid market on the FLNG market?
12.05	Moderator: Giles Farrar , Director, LNG and Global Gas Research, Wood Mackenzie Giuseppe Spotti , Chief Commercial Officer, Elengy Andy Loose , Technical Director FLNG and LNG, KBR

	<p>Peter Kaderják, Minister of State for Energy Affairs and Climate Policy, Hungarian Ministry of Innovation and Technology Jay Epstein, Commerce & Business Development Manager, INGL</p>
11.55 – 12.05	<p style="text-align: center;">Live Q&A and Networking</p>
12.10 – 12.30	<p>LIVE with Q&A: Flexible solutions for demand growth in emerging markets Is FLNG just a short-term, faster introduction to LNG? What needs to happen to encourage the longer-term creation of demand and sustainable infrastructure? Moderator: Andrew Loose Arthur Close, Strategic Business Development Director, Schneider Electric Thomas Thorkildsen, Senior Vice President, Sales & Marketing, Høegh LNG</p>
	LNG to power & infrastructure solutions
12.35 – 12.55	<p>PRE-RECORD: Identifying FSRU demand with LNG import demand Evaluating the feasibility of securing FSRU demand through gas-to-power projects: deep dive into infrastructure, regulations and market appetite Tayo Idowu, Energy Analyst – Midstream/Downstream, The Energy Industries Council</p>
12.55 – 13.30	Lunch & Networking
13.30 – 13.50	<p>PRE-RECORD: Fireside chat: FSRPs - innovations in LNG to power Analysing the technical & cost challenges with mobile power solutions: putting power generators on ships, fuelling it from LNG & transferring into transmission systems Moderator: Kate Sherrard, Partner, Clifford Chance York Ishibe, Head of Power Group, Offshore Projects Division, MOL Mehmet Katmer, Coordinator, CEO Office, Karpowership</p>
13.50 – 14.10	<p>LIVE with Q&A: Opportunities, costs and challenges in bringing LNG to areas with site limitations What is driving investments in the development of supply infrastructure to serve the increasing demand? Jonathan Raes, Managing Director LNG Infrastructure, Exmar</p>
14.10 – 14.15	Live Q&A and Networking
14.15 – 14.50	<p>LIVE with Q&A: Future financing for FLNG/FSRU projects Putting together credit worthy, bankable projects – what risks and costs are affecting projects as contracts are getting shorter, the market is deviating away from project to corporate finance & financial regulations are in play Moderator: Paul Sullivan, Senior Vice President – Global LNG and FLNG, Worley Tony Foster, CEO/CIO, Marine Capital Emile Karsten, Senior Coverage Banker, ABN AMRO Jana van Aalst, Director Wholesale Bank – Offshore Energy Services, ING bank Audra Low, Head of Origination and Structuring, Clifford Capital</p>
	Conversion, bespoke & standardised models
14.55 – 15.15	<p>PRE-RECORD, PLAY LIVE: Mid scale floating LNG supply infrastructure How are mid scale investments growing the development of supply infrastructure to serve the increasing demand? Roland Fischer, CEO, Gasfin</p>

15.15 – 15.35	LIVE with Q&A: Insight into the development, construction and operation of liquefier FLNG vessels Examining how low-cost liquefier FLNG Vessels have successfully been developed and how these less complex, standardized FLNG vessels can enable new export projects Wouter Pastoor , Chief Executive Officer, Delfin Midstream
	Country updates – FSRU opportunities and innovations
15.40 – 16.00	PRE-RECORD, PLAY LIVE: Trends & challenges behind growing the Asia Pacific FSRU market Update on project execution, costs, overruns and ensuring buyers for a captive market; what needs to be in place to develop strong, sustainable infrastructure to support FSRU operations? Nazery Khalid , Head, Planning & Development, Bousted Heavy Industries Corp
16.05 – 16.25	PRE-RECORD, PLAY LIVE: Alternatives & solutions for configuring next generation floating LNG import & export terminals Project updates and technology innovations Ron Heffron , Senior Vice President, Marine, COWI
	Near shore FLNG & next generation floating solutions
16.30 – 16.50	PRE-RECORD, PLAY LIVE: FLNG for near shore applications Where is FLNG best supplied and under what circumstances? Stranded & associated gas applications – at what point is it FLNG or on-shore and where does it cross over? Inga Bettina Waldmann , Director of Business Development, Aragon
16.50 – 17.00	End of LNG pass day 2

Monday 12th October: Flame Traders' Day	
08.00	Networking
09.00	Chairman's welcome & Opening remarks Doug Wood , Chair of Gas Committee, EFET
Session 1 – Setting the scene – supply/demand & pricing dynamics	
09.05	PRE-RECORD, PLAY LIVE: Globalisation of markets and products
–	Volumes: which markets in Europe are growing? What commodities are growing?
9.20	Dislocations & value in the market – where are they? Moderator: Doug Wood , Chair of Gas Committee, EFET Anton van Heesewijk , Head of Trading Strategy, JERA Global Markets
Session 1 – Setting the scene – supply/demand & pricing dynamics	
9.25	LIVE including Q&A: Gas, power and the energy transition
–	Hydrogen in the gas system – how do we start pricing? How does flexibility in gas interact with flexibility in power? Will we start to see daily pricing for gas?
9.55	Moderator: Trevor Sikorski , Head of Natural Gas and Carbon Research, Energy Aspects Jens Gobel , Head of Power and Emissions Trading, ENI Trading & Shipping Tom Maes , Vice-Chairman of the Gas Working Group, CEER Nazim Osmancik , Director of Group Fundamentals, Centrica
Session 1 – Setting the scene – supply/demand & pricing dynamics	
10.00	LIVE including Q&A: Managing price risks and disputes in globalizing gas markets
–	Moderator: Doug Wood , Chair of Gas Committee, EFET
10.20	Johannes Willheim , Partner, Jones Day & Luis Agosti , Vice President, Compass Lexecon
Session 2 – round up of gas trading & status of liquidity	
10.25	PRE-RECORD PLAY LIVE: German & French market merger update – contact separately
–	Impact of reducing capacity in German hubs; is this necessary? What will be the impact on liquidity in Europe? Lessons learned from the French market merger: has it encouraged a more competitive market with increasing liquidity and what products are being traded?
11.00	Moderator: Wolfgang Peters , Managing Director, The Gas Value Chain Company Dimitri Wenz , Manager, German Regulatory Authority, BnetzA Ankit Kasliwal , Senior Gas Analyst, EnBW Pierre Cotin , CCO, Head of Commercial and Gas System Divisions, GRTgaz Benoit Esnault , Head of Department, Interconnections and European Affairs Department, CRE
11.00	Networking break
–	
11.30	
Session 2 – round up of gas trading & status of liquidity	
11.30	LIVE including Q&A: The Baltics, Central, Southern & Eastern Europe trading market
–	What will it take to unlock liquidity? Impact on price volatility, how might changing policy plans impact markets?
12.05	Moderator: Dennis Hesselting , Head Gas Department, ACER Kateryna Mereminska , Senior Gas Trader, MND

	<p>Gottfried Steiner, CEO, Central European Gas Hub Romans Tjurins, Vice President Risk & Treasury, Latvijas Gaze Volker Lauer, Gas Supply & Projects, Central & Eastern Europe, RWE Supply & Trading</p>
12.10 – 12.40	<p>LIVE including Q&A: Can TTF be used to price global gas? Exploring the strengths and weaknesses of Henry Hub, JKM and TTF Moderator: Christian Baer, Secretary General, Europex Wouter De Klein, Director, Intercontinental Exchange Tony Blokhuis, Gas Originator, RWE Supply & Trading Ben Wetherall, Market Development Director, ICIS</p>
	Session 3 – beyond natural gas markets
12.45 – 13.05	<p>LIVE including Q&A: Guest Speaker: Trading and the decarbonization agenda Creating a market framework that allows risks in gas markets to be traded out and maintain connected gas & power markets – drivers behind market evolution & on what timescale? Moderator: Doug Wood, Chair of Gas Committee, EFET Dr Christoph Riechmann, Director Energy Practise, Frontier Economics</p>
13.05 – 13.30	Lunch & Networking
	Session 3 – beyond natural gas markets cont.
13.30 – 13.35	Afternoon chair:
13.35 – 14.10	<p>LIVE including Q&A: Fireside chat: The evolution and challenges to hub trading How many gas markets will there be? How might regulation work? Threats to a single market: hydrogen, GOO & ETS Moderator: Patrick Barouki, Director of Gas Trading and Origination, Uniper Global Commodities Gabrielle Costigan, Managing Director, AIK Energy Dietrich Hoffmann, Head of Gas Origination, RWE Supply & Trading Andreja Zupan, Trading Director, GEN-I</p>
14.15 – 14.45	<p>LIVE including Q&A: Interview: Short & long term trading strategies and managing risk How high can volatility go? What are the drivers, sources & changes of volatility? Will/should TTF remain the key price index in Europe? Will a vacancy be created for a new Europe hub? What are the implications for exchanges/market players from digitalisation? Moderator: Christian Baer, Secretary General, Europex Georgi Slavov, Global Head of Fundamental Research, Marex Spectron Philip Klein, Commercial Director, Statkraft Markets</p>
14.50 – 15.20	<p>LIVE including Q&A: View from: Industrial consumers Exploring market barriers, risks and demand side management – what flexibility can consumers offer traders? Moderator: Patrick Barouki, Director of Gas Trading and Origination, Uniper Global Commodities Christian Essers, Director, Energy Procurement, Wacker Chemical Valentin Hoehn, Chair of Working Party Gas, IFIEC Europe</p>

15.20 – 15.50	Afternoon break & networking
15.50 – 15.55	Afternoon chair: Guy Smith , Head of Gas Trading, Vattenfall Energy Trading
15.55 – 16.15	LIVE including Q&A: Future of energy trading – market drivers towards algo trading in gas markets Andreas Schwenzer , Principal, Horváth & Partners
	Session 4 – new technologies & products
16.20 – 16.35	PRE-RECORDED: How is technology changing trading? What new types of trading are we seeing and how will this grow the market? <ul style="list-style-type: none"> • Algo trading: lessons learned from the power/financial markets: what needs to happen for it to take off in gas trading? Exploring options and activities, risks and regulation • Impact on volatility from technology and algo trading Guy Smith , Head of Gas Trading, Vattenfall Energy Trading
16.40 – 17.10	LIVE including Q&A: Innovations in technology and how it effects the commodity industry <ul style="list-style-type: none"> • Traditional changes and technical influences on demand & supply • Technical trading advances: the impact of demand usage, cloud spread, bitcoin • Technology and understanding markets: advances in meteorology, data gathering services and its importance to energy trading Moderator: Guy Smith , Head of Gas Trading, Vattenfall Energy Trading Christian Baer , Secretary General, Europex Earl Burns , Principal, BT Family Office Monica Caamano , Director, Alcazar Investment Management
17.15 – 17.55	LIVE including Q&A: Who are the traders of the future? With technological revolutions taking place in trading, what will the future gas trader look like and who might occupy the space that trading companies occupy now? Moderator: Doug Wood , Chair of Gas Committee, EFET Harry Huang , Head of Gas, Power & Derivatives Trading, PetroChina International Helle Østergaard Kristiansen , CEO, Danske Commodities Klaus Reinisch , Director, Sales & Trading, D.TRADING Gintaras Buzkys , Chief Business Development Officer, GET Baltic
17.55 – 18.00	Chairman’s roundup of the day Doug Wood , Chair of Gas Committee, EFET
18.05	Traders’ networking

PRE-RECORD, ON DEMAND: Women at Flame 2020 <i>Embracing the value and talent of women at Flame</i>	
9.00 – 9.10	Chair’s welcome and introductory comments Daria Nochevnik, Communication Coordinator, EFET
9.10 – 10.00	<p>Defining and challenging the system: changing the narrative and educating from within</p> <ul style="list-style-type: none"> • Numbers for current workforce today in gas & energy value chain • What are the main challenges and barriers women are facing? (e.g. unconscious bias in professional environment; challenges associated with maternity leave) • What are the opportunities for women empowerment in the field? • How are the relevant challenges addressed at the corporate level? (good practices presented) • What is required to encourage more women into the industry? <p>Chair: Daria Nochevnik, Communication Coordinator, EFET Lucie Boost, Advisor, European policy and regulation, Equinor Sophie Ducoloner, General Manager LNG Origination, JERA Global Markets Lucy Field, Senior Consultant, AFRY</p>
10.05 – 10.40	<p>Interview – My story Mentoring, role models and success</p> <p>Moderator: Anne-Sophie Corbeau, Head of Gas Analysis, BP Helle Østergaard Kristiansen, CEO, Danske Commodities</p>
10.45 – 11.35	<p>Career mapping and succession planning: create your own roadmap</p> <ul style="list-style-type: none"> • Developing women who persist and succeed • Can I talk to you? • Maternity, return to work, flexible working arrangements • Negotiating salary and grade increase • Mentoring vs championing; peer learning and support • Discussing talent, skill set, nepotism, beauty, brains • Can you really achieve a work/life balance? <p>Benefit: Come away with a practical roadmap / strategy to take back to the office Chair: Gokce Mete, Head of the Knowledge Centre, International Energy Charter Carmen Vindel Sanchez, Director of European Regulation, Naturgy Kate Sheppard, Partner, Clifford Chance Valeria Palmisano, Head of EU Affairs, Edison</p>
11.40 – 12.15	<p>Fireside chat – Finding your (executive) voice</p> <ul style="list-style-type: none"> • Are women reluctant to lead? Or are men reluctant to be led by women? <p>Jenita Riat, Director Power, Gas & Energy Transition, Human Capital</p>

12.20	Communication techniques part 1: understanding perception and image
–	<ul style="list-style-type: none"> Dealing with unconscious bias in day to day interactions
12.40	Jerry Zagoritis, Founder – Managing Director, CampaignLAB
12.45	Communication techniques part 2: hands on session
	<ul style="list-style-type: none"> What skills set needed for: <ul style="list-style-type: none"> Giving a presentation (to peers, board members) Lessons learned – what to do and not to do!
	Moderator: Jerry Zagoritis, Founder – Managing Director, CampaignLAB
	Anne-Sophie Corbeau, Head of Gas Analysis, BP
	Donna de Wick, Head of E&P Marketing & Support, Total
	Daria Nochevnik, Communication Coordinator, EFET
	Sara Piskor, Director, Strategy, Policy and Communication, ENTSOG
13.35	Chair's closing remarks

Monday 12th October: Flame virtual 2020	
08.00	<i>Registration & Coffee</i>
08.50	LIVE: Chair's Welcome & Opening Remarks Jonathan Stern, Chairman, Natural Gas Research Programme & Senior Research Fellow, Oxford Institute for Energy Studies
	Setting the scene – what is driving change in global gas markets?
09.00	Live: Talking Heads:
–	Gas markets in 2020 – what has happened and where are we now?
9.25	Niek den Hollander, Chief Commercial Officer, Uniper
	Maria Rita Galli, EVP Business Development & International Asset Management, Snam
	Speaker TBC
9.25	LIVE Q&A and networking
–	
9.35	
09.40	PRE-RECORD, PLAY LIVE: European pricing
–	Deep dive into pricing up to 2022: a year of low prices, what can we expect for 2021? Low prices up to 2025? Platts review
9.55	Speaker tbc
10.00	LIVE with Q&A: Debate of the day
–	Gas in transition - moving on the right road towards 2050
10.30	How will it be achieved whilst preserving the benefits of an open market? Policy direction and support mechanisms for heat, industry and transport – exploring the roles for stakeholders, future regulatory framework for new gases and ensuring an integrated market transportation system
	Moderator: Richard Sarsfield-Hall, Director, AFRY
	Tor Martin Anfinnsen, Senior Vice President, Marketing & Trading, Equinor
	Ulco Vermeulen, Member of the Executive Board and Director Participations & Business Development, Gasunie
	Konstantin Petrov, Managing Consultant, DNV-GL-Energy
	Christina Verchere, Chief Executive Officer and President of the Executive Board, OMV Petrom

10.30 – 10.40	LIVE Q&A and networking	
10.45	PRE-RECORD, PLAY LIVE: The increasing commoditization & greening of global gas – where are your FIDs? Next generation strategies and projects with climate, sustainability and gas at the heart Tor Martin Anfinnsen , Senior Vice President, Marketing & Trading, Equinor	
11.00	<i>Morning Coffee</i>	
	Global economy and geo-politics	Boardrooms: PRE-RECORD, ON DEMAND:
11.30 – 11.50	PRE-RECORD, PLAY LIVE: Guest Address: Global economy, trade wars and the impact on energy How might this impact global economic growth and commodity demand? Dr Christof Rühl , Senior Research Scholar, Center on Global Energy Policy, Columbia University “LIVE CHAT ROOM AT 14.10”	Azerbaijani gas supplies to Europe Gulmira Rzayeva , Eurasia Analytics
11.55 – 12.10	LIVE with Q&A: Gazprom Export Pipeline gas from Russia: impact on European markets Elena Burmistrova , Deputy Chairman of the Management Committee, Gazprom	Gas quality: the elephant in the room! Jose Lana , Marcogaz
12.10 – 12.20	LIVE Q&A and networking	
12.25 – 12.55	LIVE or PRE-RECORD, PLAY LIVE: LNG Update: Projects, trading, decarbonisation Short – medium term outlook on projects under construction & FIDs, trading, demand growth and finance Moderator: David Ledesma , Energy & Strategy Consultant, South-Court Sophie Ducoloner , General Manager LNG Origination, JERA Global Markets Jane Liao , CEO, Natural Gas Business, CPC Taiwan Andrew Walker , VP Strategy and Communication, Cheniere Marketing	Decarbonisation & the methane agenda Thierry Bros , Harvard University Gas & LNG markets in Japan Jun Ishikawa , Tokyo Gas
12.55 – 13.10	LIVE Q&A and networking	
		Gas pricing updates Wolfgang Peters , The Gas

		Value Chain Company
13.10 – 13.45	Lunch & Networking	
13.45	LIVE: Chair: Jonathan Stern , Chairman, Natural Gas Research Programme & Senior Research Fellow, Oxford Institute for Energy Studies	
13.50 – 14.20	LIVE: Panel: The prospects for hydrogen & bio methane to 2050 – reality check! Which projects are up and running, what are the costs, who is funding them and how quickly can they move forward? Scaling Up, affordable technologies and a sustainable regulatory framework Tudor Constantinescu , Principal Adviser to the Director General for Energy, European Commission Marta Kamola-Martines , Gas Director, Global Industry Hub, Engie Jonas Svendsen , Head of Trading and Business Development, Nature Energy James Watson , Secretary General, Eurogas	LIVE Q&A One to one With our guest speaker Dr Christof Rühl , Columbia University
14.20 – 14.30	LIVE Q&A and networking	
14.30 – 15.00	PRE-RECORD, PLAY LIVE: Panel: Strategies to maximise value from your portfolio of assets in the current market Where are the risks and returns in today’s energy markets? Where will we see deployment of capital and which business models are winners and losers in the value chain? Moderator: James Henderson , Director, Natural Gas Research Programme, Oxford Institute for Energy Studies Maria Rita Galli , EVP Business Development & International Asset Management, Snam & Andree Stracke , Chief Commercial Officer, Origination & Gas Supply, RWE Supply & Trading	Heat distribution & gas How will heat play a role in a greener gas market? Guido Custers , Gasunie Ruud Bos Warmtebedrijf Rotterdam UK roadmap to 2035 William Webster , Oil & Gas UK
15.00 – 15.10	LIVE Q&A and networking	Latin American pricing developments Leyra Fernández Díaz , Energy Aspetcs

15.10 – 15.40	<p>LIVE with Q&A: Spotlight on: Energy policies - key-note panel National strategies and policies for natural gas exports and decarbonising the energy value chain; innovations in energy technology and the adaptation of regulatory frameworks Moderator: James Henderson, Director, Natural Gas Research Programme, Oxford Institute for Energy Studies</p> <p>Lars Erik Aamot, Director General, Head of Oil and Gas Department, Norwegian Energy Ministry & Rodrigo Scholtbach, Senior Policy Coordinator, Ministry of Economic Affairs and Climate Policy</p>	<p>Gas developments in Lebanon Mona Sukkarieh, Middle East Strategic Perspectives</p> <p>Global Gas Market 2020 report Geoffroy Hureau, CEDIGAZ</p>
15.40 – 16.00	Afternoon Tea & Networking	
16.00 – 16.30	<p>LIVE with Q&A: Germany's gas dialogue 2030 Next steps for Germany's energy mix & policies: exploring infrastructure, green gases, investment and supplies Moderator: Dr Christoph Riechmann, Director Energy Practise, Frontier Economics Marc Oliver Bettzüge, Head of the Chair of Energy Economics, Department of Economic, University of Cologne Jörg Bergmann, CEO, Open Grid Europe Eva Hennig, Head of Department for EU Energy Policy, Thüga Timm Kehler, Chairman, Zukunft Erdgas</p>	<p>UK market update Justin Goonesinghe, BEIS</p>
16.30 – 16.40	LIVE Q&A and networking	
16.45 – 17.00	<p>PRE-RECORD, PLAY LIVE: Nordsteam 2 Update on the legislation, investment, rights to exemptions and supply security Reinhard Ontyd, Chief Commercial Officer, Nord Stream 2</p>	
17.05	<p>LIVE with Q&A: Gas import streams in Europe & future investment</p>	

	<p>How are gas infrastructure projects evolving? Routes, timescales, investments, costs and cyber security</p> <p>Moderator: Walter Boltz, Chairman of the Supervisory Board, JSC Mahistralni Gazoprovody Ukrainy (MGU)</p> <p>Reinhard Ontyd, Chief Commercial Officer, Nord Stream 2</p> <p>Marija Savova, Head of Commercial Development, TAP</p> <p>Sander van Rootselaar, Deputy Head of Communications, Turkstream</p>
17.35	End of Flame day 1
17.35	Networking
–	
18.30	

Tuesday 13 th October: Flame 2020 Main Conference Day Two	
08.00	Bright sparks breakfast – Interview with 2 energy executives Ann Collins , General Manager, Gas Market Development, Shell
08.00	<i>Registration & Coffee</i>
Decarbonising the gas value chain	
08.50	LIVE: Chairman’s Welcome & Opening Remarks James Henderson , Director, Natural Gas Research Programme, Oxford Institute for Energy Studies
09.00 – 9.25	LIVE with Q&A: A roadmap to achieving net zero The centrality of carbon pricing, carbon border adjustments, net zero infrastructures and offsetting Dieter Helm , Fellow, New College Oxford
9.25 – 9.35	LIVE Q&A and networking
09.40 – 10.00	PRE-RECORD, PLAY LIVE: The European Commission’s new decarbonisation package How will climate targets be met and what are the scenarios for gas and alternative energy to achieve it? Exploring costs, pathways and policies Klaus-Dieter Borchardt , Deputy Director General, DG Energy
10.00 – 10.10	LIVE Q&A and networking
10.05 – 10.35	LIVE with Q&A: Industry responses to the new decarbonisation & package Insight into national and corporate strategies for decarbonising the energy value chain; innovations in energy technology, adaptation of regulatory frameworks accommodate (large scale) green gas Moderator: Andris Piebalgs , Professor, Florence School of Regulation Ann Collins , General Manager, Gas Market Development, Shell Lisa Fischer , Senior Policy Advisor, E3g Thierry Trouve , CEO, GRTgaz Pierre Vergerio , Executive Vice President Midstream Gas, Energy Management & Optimization, Edison
10.35 – 10.45	LIVE Q&A and networking
10.45 – 11.10	Morning Coffee & Networking
11.10 – 11.30	PRE-RECORD, PLAY LIVE: IEA world energy outlook Understanding the dynamic interplay of energy markets, technology and policy in light of the new green package Lászlo Varró , Chief Economist, IEA
11.30 – 11.40	LIVE Q&A and networking

11.45 – 12.10	PRE-RECORD, PLAY LIVE: Corporate, policy & financing drivers for new energy projects Who will finance projects that don't seem feasible today in a low gas price environment? What corporate, policy and political drivers might impact (sustainable) future investments? Moderator: Marc Oliver Bettzüge , Head of the Chair of Energy Economics - Department of Economic, University of Cologne Jean-Marc Leroy , Senior EVP External relations, Engie Jason Tate , Chief Operating Officer, European Gas & Power, BP Energy Europe Edward Winter , Managing Director, Energy & Power Infrastructure, Blackrock Real Assets
12.10 – 12.20	LIVE Q&A and networking
12.25 – 12.45	LIVE with Q&A: Innovative gas business models shaping our future: decentralised energy solutions Opportunities for storage to support the green, carbon-light and circular economy; providing flexibility in the energy system and creating synergies at local/regional level Cécile Prévieu , CEO, Storengy
12.45 – 13.15	Lunch and Networking
13.15 – 13.20	Afternoon Chair: Jean-Marc Leroy , Senior EVP External relations, Engie
13.20 – 13.40	LIVE with Q&A: The greening of gas & developing a future hydrogen economy What political, market and investment decisions need to take place for hydrogen to be fully competitive against other fuels? John Williams , Senior Principal, AFRY
13.45 – 14.05	LIVE with Q&A: The role of gas in the future European power mix Exploring the growth in power demand in Europe; the impact of coal and nuclear decommissionings in the power balance and the role of renewable energy Carlos Torres Diaz , Vice President, Head of Gas and Power Markets Research, Rystad Energy
14.10 – 14.40	PRE-RECORD, PLAY LIVE: Debate of the day: decarbonising & regulating Europe's gas networks Opportunities & constraints facing gas grids: scaling up of technology & investment risk, balancing indigenous production vs imports, certification & tracking of emissions Moderator: Torben Brabo , Senior Vice President, Energinet Sabine Augustine , Head of Corporate Development, Open Grid Europe Francisco de la Flor Garcia , Director of Regulation, Enagas Stephan Kamphues , President, ENTSOG Steven De Ranter , Managing Director, Interconnector
14.40 – 14.50	LIVE Q&A and networking

14.55 – 15.25	PRE-RECORD, PLAY LIVE: Ukraine post 2019: transit, national and export market Exploring developments after grand finale by the end of 2019 Janez Kopač, Community Secretariat & Pawel Stańczak, TSO of Ukraine
15.30 – 16.00	LIVE with Q&A: Storage as part of a decarbonized energy system <ul style="list-style-type: none"> • Impact on storage of the high LNG volumes coming to the markets • Is there competition between storage and LNG? • Exploring regulation and cross-sectoral benefits • Outlook for power storage – which options exist? Are there alternatives? Moderator: Jean-Marc Leroy , Senior EVP External relations, Engie László Fritsch , Chairman of the Board, Hungarian Gas Storage Erich Holzer , Managing Director, OMV Gas Storage Michael Kohl , Managing Director, innogy Gas Storage NWE
16.05 – 16.25	LIVE with Q&A: NCS as a base load for Europe How will the NCS continue to be competitive across the value chain in a decarbonized energy economy and an era of low prices? Frode Leversund , CEO, Gassco
16.30 – 16.50	LIVE with Q&A: Methane emissions: steps towards achieving 75% emissions reduction by 2030 Trends, innovations and reducing the cost of emissions mitigation strategies Peter Zeniewski , Lead Gas Analyst, IEA
16.50 – 17.00	Chair's closing remarks
	End of Flame virtual 2020

PRE RECORDED SESSIONS, AVAILABLE ON DEMAND				
	Stream A	Stream B	Stream C	Stream D
	Supplies To Europe Chair: Ana Stanic, E&A Law	Role of gas demand & infrastructure Chair: Torben Brabo, Energinet	Hydrogen & innovations for gas going green Chair: Boyana Achovski, GIE	Internal energy market Chair: Jan Ingwersen, ENTSOG
	Gas & LNG from Russia Discussing transit issues, LNG & pipes and decarbonisation Moderator: James Henderson, OIES * Volkan Özdemir Institute of Energy Markets and Policies (EPPEN) * Roman Samsonov, The Russian Gas Society	How fast will the phase out of conventional coal & nuclear generation happen? How much will be replaced by gas? What second wave of assets will be built? Anne-Sophie Corbeau, BP	Northern Lights Project Update on developing a full-scale CO ₂ handling chain in Norway Jannicke Bjerås, Fortum Amit Karnik, Shell	Sector coupling & infrastructure The co-ordination and identification of network needs: investing in gas vs electricity grids or both? * Cyril Harry, Eurelectric & Engie * Riccardo Rossi, Centrica * Zsuzsanna Szeles, European Commission
	East Mediterranean gas supply (Greece, Cyprus, Israel, Egypt) Economic update, imports, infrastructure and LNG Moderator: Gina Cohen * Matteo Restelli, Edison * Anat Klein, GKH * Charles Ellinas, eCNHC * Mehmet Ögütçü, Bosphorus Energy Club	Commercial strategies to ensure a reliable energy mix in the transition to greener gas Next steps for the value chain, transportation, gas quality and methane emissions * Arnt Baer, Gelsenwasser * Pal Rasmussen, Gassco	Case study: Bad Lauchstädt project Exploring the production, transportation, storage and efficient use of green hydrogen in a decarbonising environment Hans-Joachim Polk, VNG & Axel Wietfeld, Uniper Storage	Implementation of network codes and transportation tariffs Update on goals, harmonization and pricing? Gokce Mete, International Energy Charter * Emmanouela Angelidaki, DEFRA * Sinead Obeng, Gazprom Marketing & Trading
	SE Europe & the Baltics Infrastructure development,	LNG & storage Competitors or complementary tools? Innovations in the	“Hydrogen Valley” Case Study Costs, scale and technologies: creating a springboard for a	Update on ACER market report Industry findings on hubs & price convergence,

	<p>regulation & network codes</p> <p>Moderator: Julian Popov, European Climate Foundation</p> <p>*Piotr Kus, Gaz-System</p>	<p>future of storage for securing supply</p> <p>Ralf Aehlen, EnBW</p> <p>Honey Duan, Vattenfall</p>	<p>global hydrogen economy</p> <p>Nienke Homan, Province of Groningen</p>	<p>availability of infra, capacity bookings & volumes</p> <p>Joaquin Garcia Gimenez, ACER</p>
	<p>*Jānis Eisaks, Conexus</p> <p>* Tadas Matulionis, Klaipedos Nafta</p> <p>* Maciej Jakubik, Central European Energy Partners</p>	<p>Future of gas storage in a decarbonising industry</p> <p>Exploring regulation, demand, price, volumes and the demand for flexible products</p> <p>*Sebastian Bleschke, INES Initiative Erdgasspeicher</p> <p>*George Grant, Stag Energy</p> <p>*Jody Strik, TAQA</p>		<p>Next generation TSOs</p> <p>Is the right regulation in place for the next generation of TSOs? Revenues, costs and capacity</p> <p>*Andris Piebalgs, Florence School of Regulation</p> <p>*Carola Milgramm, E-Control</p> <p>*Máximo Miccinilli, CERRE</p>
