

# 3<sup>rd</sup> Felix Höffler Memorial Lecture

February 14<sup>th</sup>, 2023, 4:30 - 6:30 p.m.

Auditorium/Hörsaal II in the 1<sup>st</sup> basement, Main Building (Building 100),  
University of Cologne, Albertus-Magnus-Platz 1, 50931 Cologne

On 4 February 2019, EWI Director Prof. Dr. Felix Höffler passed away after a serious illness. We lost an excellent economist, a splendid colleague and mentor as well as a unique man.

To honour his memory, EWI initiated the Felix Höffler Memorial Lecture. Once a year, an internationally recognized economist will be invited to get into an academic exchange with our PhD students as well as give a lecture about a topic in the field of energy economics. The third Felix Höffler Memorial Lecture will take place on February 14<sup>th</sup>, 2023 in Cologne.

Lecture and discussion

**„Mechanisms for stabilizing the EU electricity market: need and design“**  
Matti Liski, Professor of Economics at Aalto University School of Business

Matti Liski is a professor of economics at Aalto University School of Business, Helsinki, where he is currently the head of the department. His other affiliations include Helsinki GSE, University of Cambridge EPRG, CESifo Munich, MIT CEEPR, and Toulouse School of Economics. Prof. Liski focuses on applied microeconomics, both theoretical and empirical, with industrial organization, public policy, energy markets, and climate change.

It would be our pleasure to see you at the third Felix Höffler Memorial Lecture in Cologne!  
Prof. Dr. Marc Oliver Bettzüge  
EWI Director

Your participation is free. We request you to register [here](#).
